Rity[®]

ESTD. 1950

... welcomes you at every door.

**ARCHITECTURAL
HARDWARE
SOLUTIONS**

RITZ is an enterprise specialised in the development and production of architectural hardware fittings like floor springs, patch fittings, Glass connectors, spider fittings, shower hinges etc and door decorative fittings like hydraulic door closers, door spring hinges, door holders, magnetic catchers, door springs, capsule door closer, pneumatic door closer, chain door closer, sliding door closers, German Door Closer and many More Like hydraulic soft close hinges, s.s. Butt hinges, s.s. Tower Bolt, s.s. Aldrops, s.s. Door Stopper. Our factory found its roots in the year 1950 and gave our country its first door closing device. Our products, superb in their elegance and performance are fully tested at every step of production.

Being pioneer in door closing technology, Ritz comes with a wide range of modernised ISI marked door closers & floor springs, designed to keep pace with the new millennium. We have a strong dealer network throughout the country and have built up a bond of trust and loyalty with all our esteemed customers.

We adhere to quality policy by constant improvement in the quality of all our products and guaranteed satisfaction, with before sales service, in sales and after sales service focused on our customers.

"Customer satisfaction is our motto."
